

What Time Is It from a Divine Stand Point? Cycles in the 21st Century

12-14-19

Dr. H. C. Kinley wrote in the first edition of his book, God, The Archetype (Original) Pattern of the Universe of his Divine Panoramic and Revelation in 1931, that 2000 AD was a possible end of this Present Kingdom Age of Grace (PKAOG). Many in IDMR believed 2000 AD (which began at the Messiah's birth), 19 years ago, was the literal end of time. This was due to their misunderstanding of Dr. H.C. Kinley writing literally 2000 Years from Yahshua's birth on his "Ages and Dispensation" chart inserted between pages 121-123 of Vol 1. Most members of IDMR took 2000 AD literally on the calendar not understanding there was a great mystery behind Elohim's calculation of time because there was another 2000 of the age, 2030 AD which we will explain later in this paper.

Few understand that there are two calendars.

1. One was man-made by the Roman Catholic Church where 2000 AD starts from the birth of Yahshua instead of His death which is an error and
2. The second calendar is of a divine nature by Yahweh Elohim which starts at 34 AD, at the

outpouring of the Holy Spirit, the correct times, which begins this age.

So 2000 AD on our current calendar points to 2,000 of the AGE starting from the Messiah's death, burial, and resurrection, and the outpouring of the Holy Spirit, which is the beginning of our PKAOG in 33 1/2 AD or 34 AD.

Daniel Prophecy 1260 days, 1290 days, 1335 days

(Dan. 12:

Using Daniel's prophecy (of 1260 days, 1290 days, 1335 days) and the mark of the beast 666 can also reveal 2000 years from 34 AD.

Note: Daniel's Prophecy was fulfilled by Yahshua the Messiah being 3 1/2 years in His ministry = 1260 days. He entered His ministry at 30 years old so 33 1/2 years of the Messiah's life = 1290 days (1260 + 30), plus the 45 days was the days of Pentecost for the tabernacle stood on Mt. Zion 450 years before the dedication of Solomon's Temple.

What Time Is It Using Pentecost?

Another way to examine the 45 principle is to see that the Messiah was born in the 4th millennium and Pentecost was His purpose fulfilled. Here we have the 4 and 5 principle since zeroes have no value in prophetic calculations. They are just place holders. So the 1335

days is simply the life of the Messiah (33 years or 1290 days) + the Day of Pentecost (45).

Now using 1 day = 1 year (Num. 14:34)

1290 (1260 years + 30 years) + 45 years = 1335 years which means the life of the Messiah at the end of the Post Diluvian Age and Pentecost which began this PKAOG.

What Time Is It Using the Mark of the Beast?

Using the mark of the beast which is the Mystery of Iniquity operating in this PKAOG.

1335 years + 666 mark of beast = 2001 years length of the PKAOG using Daniel's 1335 number (the same as Pentecost).

So with the age beginning is 33 1/2 AD

2001 years + 33 1/2 AD age started = 2034 1/2 AD the length of the PKAOG with Elohim correct time.

What Time Is It using the current calendar (Roman Catholic) time with 4 year error correction:

Now 2019 AD (current year calendar) + 4 year error = 2023 - 33 1/2 AD (life of the Messiah which is not apart of PKAGO = 1990 years from Pentecost, current year of calendar with correction. So, there is 10 years to 2,000, which is the correct time of the age from pentecost, which is 2030 AD.

Paradox of the 1960

In Dr. H. C. Kinley's first edition of his book God, The Archetype Pattern of the Universe released in 1960 AD, he used the Daniel prophecy of 70 weeks to calculate 1960 of the age. Here is the paradox of 1960 AD. The book was published in 1960 AD which stated 1960 was the end of the age. He goes on to say 1960 AD was the beginning of the probationary period.

What was hidden from many in IDMR was that there were two 1960s. Few understood that there was a 1960 on the calendar and of the age.

- 1960 of the calendar starts at the Messiah's birth to 1960 years later and
- 1960 of the age starts at the Messiah's death, burial, and resurrection, and outpouring of the Holy Spirit and from pentecost 33 AD (33 1/2 or 34 AD) to 1960 years later, 1993 AD - 4 = 1989.

Likewise, there are two 2000s: on the calendar and of the age.

Many in IDMR thought that 2000 AD, 40 years after 1960 AD was the end of time.

Using 70 Weeks of Daniel Prophecy to Calculate the 1960 Principle

Using four cycles of 70 weeks of Daniel prophecy equals 1960 AD which represents the principle of an end of an age.

Under the current calendar

So 4×490 (70×7) yrs = 1960 AD, starting from the birth of the Messiah AD, but to arrive at 1960 of the age starting from Pentecost 33 1/2 AD, which is 1989 1/2 AD or 1990 AD as stated above. Now 1990 AD + 4 year error birth of the Messiah = 1994 AD - 33 1/2 or 34 (age of the Messiah not apart of this age = 1959 1/2 or 1960 years from Pentecost AD 33 1/2 or 34 AD.

Using the Daniel Prophecy of 1260 to show 1960 AD was the end of age:

$33 \frac{1}{2}$ AD (34 AD) + 1260 yrs + 666 yrs = 1959 1/2 or 1960 AD.

Conclusion

The proof of the correct time can be seen when using Daniel's Prophecy of 1260, 1290, 1335, 70 weeks to show the fulfillment by Yahshua the Messiah closing or ending the post diluvian age with these prophecies. The 1260, 1290, 1335 were the last 33 years of that age and they end the 490 year cycles. Dr. H. C. Kinley gave us clues that the PKAOG would close with Daniel Prophecy as a repeat of the close of the last age, the post diluvian age. The Antediluvian Age was also closed with those cycles. More on this later. Many Christians don't understand these calculations. Now they are only revealed by the Holy Spirit.
